- Abortion. Pregnancy complications following legally induced —: An analysis of the population with special reference to prematurity. .... 192
- Acidemia. Methylmalonic — two cases. .... 349
- Activator. Human urokinase and porcine tissue plasminogen — ..... 189
- Acute Myocardial Infarction. Early diagnosis of — by means of aspartate aminotransferase, creatine kinase and creatine kinase isoenzyme MB. .... 298
- Acute Myocardial Infarction. Fibrinogen degradation products in — ..... 206
- Acute Myocardial Infarction. Incidence, time of occurrence and course of complications in —: Experiences from 332 consecutive patients treated in a fulltime monitored coronary care unit ..... 246
- Acute Myocardial Infarction. Long-term prognosis after —. A multivariate stepwise analysis. .... 199
- Adrenaline. Plasma noradrenaline and — measured by isotope-derivative assay. A review with special reference to diabetes mellitus. . . 17
- Amniotic Fluid. Correlations between the lecithin-sphingomyelin ratio in the — data from pregnancy and birth, and the idiopathic respiratory distress syndrome. .... 287
- Aneurysms. Congenital hepatic fibrosis, Curveilher-Baumgarten syndrome and splenic artery — in a 62-year-old woman. .... 101
- Anger Camera. Scintigraphy of liver and spleen with <sup>99m</sup>Tc-sulfur colloid and — ..... 87
- Antepartum Glucocorticoid Therapy. — combined with Phenobarbitone and Ritodrine for prevention of respiratory distress syndrome (RDS) in pre-term infants. .... 134
- Apgar Score. The validity of discontinuous pH-measurements on fetal blood and of cardiotocography in predicting neonatal —. .... 186
- Arterial Hypertension. Changes in glomerular filtration rate during long term treatment with propranolol and peripheral vasodilators in patients with—. .... 308
- Aspartate Aminotransferase. Early diagnosis of acute myocardial infarction by means of —, creatine kinase and creatine kinase isoenzyme MB. .... 298
- Asthma. Serum immunoglobulin levels and the frequency of previous hospital admissions of children with bronchial —. .... 294
- Betamimetics. Side effects and metabolic changes during treatment with — (Ritodrine). .... 119
- Breech Presentation. Long-term follow up of pre-term infants in — delivered by caesarean section. .... 141
- Bronchial. Serum immunoglobulin levels and the frequency of previous hospital admissions of children with — asthma. .... 294
- Caesarean Section. Long-term follow up of pre-term infants is breech presentation delivered by —. .... 141
- Calcium Antagonists. Inhibition of myometrial hyperactivity of —. .... 125
- Cancer Cell. Neoplastic tissue: The so-called —. . . 342
- Cancer Cervix. Influence of population screening on morbidity of — of the uterine — in Maribo Amt. .... 91
- Cardiotocography. The validity of discontinuous pH-measurements on fetal blood and — in predicting neonatal Apgar score. .... 186
- Catecholamines. Control of gastrin secretion by — with special reference to duodenal ulcer. . 333
- Cerebrospinal Fluid. Experimental evaluation of contrast media for use in the — space. .... 58
- Cervical Neoplasia. Screening for — A survey of the assumption from studies on the screening in Maribo Amt. .... 313
- Collagen. Cyclophosphamide and —. .... 45
- Continuous pH. Simultaneous — and  $paO_2$ -measurements during labour. Casereport. .... 302
- Contrast Media. Experimental evaluation of — for use in the cerebrospinal fluid space. .... 58
- Coronary Care. Incidence, time of occurrence and course of complications in acute myocardial infarction: Experiences from 332 consecutive patients treated in a fulltime monitored — unit. .... 246
- Creatine Kinase Isoenzyme. Early diagnosis of acute myocardial infarction by means of aspartate aminotransferase, creatine kinase and — MB. .... 298
- Cruveilher-Baumgarten syndrome. Congenital hepatic fibrosis, — and splenic artery aneurysms in a 62-year-old woman. .... 101
- Curettage. Diagnostic vabra (aspiration) —. An evaluation of the diagnostic certainty, efficacy, acceptability, indication and socio-medical importance. .... 1

Diabetes Mellitus. Plasma noradrenaline and adrenaline measured by isotope-derivative assay. A review with special reference to — . . .	17	Hyperbilirubinemia. Treatment of — in pre-term infants. . . . .	153
Diagnostic Curettage. — vabra (aspiration) —. An evaluation of the diagnostic certainty, efficacy, acceptability, indication and socio-medical importance. . . . .	1	Hyperparathyroidism. Radioimmunoassay of human parathyroid hormone. A review with special reference to — in renal disease. . . . .	157
Dialysis. Home peritoneal — with a simple automatic device. . . . .	360	Hypertension. Changes in glomerular filtration rate during long term treatment with propranolol and peripheral vasodilators in patients with arterial —. . . . .	308
Digoxin. The effects of discontinuing maintenance — therapy. A study of elderly cardiac patients in sinus rhythm. . . . .	10	Hypoglycaemia. Stimulation tests for growth hormone. A comparison between insulin-induced — and levodopa as stimuli for growth hormone secretion in patients with hypothalamic-pituitary insufficiency and in normal subjects. . . . .	304
Duodenal Ulcer. Control of gastrin secretion by catecholamines with special reference to —. . . . .	333	Hypothalamic Insufficiency. Stimulation tests for growth hormone. A comparison between insulin-induced hypoglycaemia and levodopa as stimuli for growth hormone secretion in patients with — -pituitary — and in normal subjects. . . . .	304
Duodenal Ulcer. Selective gastric vagotomy and drainage in the treatment of — with pyloric stenosis. 5-13 years follow-up. . . . .	346	Hypothalamic-Pituitary. Stimulation tests for growth hormone. A comparison between insulin-induced hypoglycaemia and levodopa as stimuli for growth hormone secretion in patients with — insufficiency and in normal subjects. . . . .	304
Dyskinesia. Tardive —. . . . .	209	Immunoglobulin. Serum — levels and the frequency of previous hospital admissions of children with bronchial asthma. . . . .	294
Electrolyte Disturbances. Severe paresis caused by — following end-to-side jejunioileostomy for morbid obesity. . . . .	344	Induced Abortion. Pregnancy complications following legally —: An analysis of the population with special reference to prematurity. . . . .	192
Ethanol. Treatment of pre-term labour with —. . . . .	123	Inhibition Of Pre-Term Labour. Prevention of pre-term birth by —. . . . .	113
Feeding. — of low birth weight infants. . . . .	152	Initiation Of Labour. Physiology of —. . . . .	111
Fetal. The validity of discontinuous pH-measurements on — blood and of cardiotocography in predicting neonatal Apgar score. . . . .	186	Insulin-Induced. Stimulation tests for growth hormone. A comparison between — hypoglycaemia and levodopa as stimuli for growth hormone secretion in patients with hypothalamic-pituitary insufficiency and in normal subjects. . . . .	304
Fetal Lung. Acceleration of human — maturation. . . . .	132	Intensive Care. — of the newborn — a balance sheet. . . . .	146
Fetal Lung. Maturation of the —. . . . .	129	Intensive Care. — of the pre-term infant. . . . .	144
Fibrinogen. — degradation products in acute myocardial infarction. . . . .	206	Intracranial Tumours. — in childhood incidence and long-term prognosis. . . . .	253
Filtration. Changes in glomerular — rate during long term treatment with propranolol and peripheral vasodilators in patients with arterial hypertension. . . . .	308	Jejunioileostomy. Severe paresis caused by electrolyte disturbances following end-to-side — for morbid obesity. . . . .	344
Gastric. Selective — vagotomy and drainage in the treatment of duodenal ulcer with pyloric stenosis. 5-13 years' follow-up. . . . .	346	Kveim. — test in sarcoidosis. A report of a Danish Kveim material. . . . .	6
Gastrin. Control of — secretion by catecholamines with special references to duodenal ulcer. . . . .	333	Labour. Physiology of initiation of —. . . . .	111
Glomerular. Changes in — filtration rate during long term treatment with propranolol and peripheral vasodilators in patients with arterial hypertension. . . . .	308	Labour. Simultaneous continuous pH- and PaO <sub>2</sub> -measurements during —. Case-report. . . . .	302
Glucocorticoid Therapy. Antepartum — combined with Phenobarbitone and Ritodrine for prevention of respiratory distress syndrome (RDS) in pre-term infants. . . . .	134	Lead. — in Danish food-stuff. Evidence of decreasing concentration. . . . .	179
GM2-Gangliosidosis Type 2. Prenatal diagnosis of Sandhoff disease (— —). . . . .	353	Lecithin-Sphingomyelin. Correlations between the — ratio in the amniotic fluid, data from pregnancy and birth, and the idiopathic respiratory distress syndrome. . . . .	287
Granulocytopenia. Levamisole-induced —. Cytogenetic and immunologic studies. . . . .	14	Legally. Pregnancy complications following — induced abortion: An analysis of the population with special reference to prematurity. . . . .	192
Growth Hormone. Stimulation tests for —. A comparison between insulin-induced hypoglycaemia and levodopa as stimuli for growth hormone secretion in patients with hypothalamic-pituitary insufficiency and in normal subjects. . . . .	304		
Gynaecology. A summary of the development of Obstetrics, —, and Pediatrics at the University of Copenhagen 1479-1979. . . . .	106		
Hepatic Fibrosis. Congenital —, Cruveilhier-Baumgarten syndrome and splenic artery aneurysms in a 62-year-old woman. . . . .	101		
Hurler syndrome. Prenatal diagnosis of the —. . . . .	357		

Levamisole. — induced granulocytopenia. Cytogenetic and immunologic studies. ....	14	Phenobarbitone. Antepartum glucocorticoid therapy combined with — and Ritodrine for prevention of respiratory distress syndrome (RDS) in pre-term infants. ....	134
Levodopa. Stimulation tests for growth hormone. A comparison between insulin-induced hypoglycaemia and — as stimuli for growth hormone secretion in patients with hypothalamic-pituitary insufficiency and in normal subjects. ....	304	Population Screening. Influence of — on morbidity and mortality of cancer of the uterine cervix in Maribo Amt. ....	91
Liver Biopsy. Transvenous — in patients with bleeding tendency. ....	175	Pre-Term Birth. 105, 109, 113, ....	121
Liver. Scintigraphy of — and spleen with <sup>99m</sup> Tc-sulfur colloid and Anger camera. ....	87	Pre-Term Infant. Intensive care of the —. ....	144
Low Birth weight. Feeding of — infants. ....	152	Pre-Term Birth. Prevention of — by inhibition of pre-term labour. ....	113
Maintenance Therapy. The effects of discontinuing — digoxin —. A study of elderly cardiac patients in sinus rhythm. ....	10	Pre-Term Birth. The condition of the foetus and infant in — with Ritodrine. ....	121
Manometric. — investigation of the pharyngoesophageal sphincter. ....	282	Pre-Term Birth. The epidemiology of —. ....	109
Methylmalonic. — acidemia — two cases. ....	349	Pre-Term Birth. The significance of —. ....	105
Monitored. Incidence, time of occurrence and course of complications in acute myocardial infarction: Experiences from 332 consecutive patients treated in a full-time — coronary care unit. ....	246	Pre-Term Infants. Long-term follow up of — in breech presentation delivered by caesarean section. ....	141
Mother-Child Relationship. The — with special reference to the pre-term newborn. ....	149	Pre-Term Infants. Prevention of respiratory distress syndrome in —. ....	129
Myometrial. Antagonism of the — response to oxytocin and vasopressin by synthetic analogues. ....	126	Pre-Term Infants. The immediate management of the —. ....	143
Myometrial Hyperactivity. Inhibition of — by Calcium antagonist. ....	125	Pre-Term Infants. Treatment of hyperbilirubinaemia in —. ....	153
Neoplasia. Screening for cervical —. A survey of the assumption from studies on the screening in Maribo. Amt. ....	313	Pre-Term Infants. Ventilatory support of —. Results and long-term prognosis. ....	155
Neoplastic. — tissue: The so-called cancer cell. ..	342	Pre-Term Labour. .... 109, 113, 115, 116, 123, 136	
Newborn Infants. Transport of high risk —. ....	147	Pre-Term Labour. A Danish Multicenter study on Ritodrine in the treatment of —. ....	116
Noradrenaline. Plasma — and adrenaline measured by isotope-derivative assay. A review with special reference to diabetes mellitus. ..	17	Pre-Term Labour. Management of the fetus in —. ....	136
Obstetrics. A summary of the development of —, Gynaecology, and Pediatrics at the University of Copenhagen 1479-1979. ....	106	Pre-Term Labour. Treatment of — with Ethanol. ....	123

Oxytocin. Antagonism of the myometrial response to — and vasopressin by synthetic analogues. ....	126	Pre-Term Twins. Mortality and morbidity in —. .	139
Parathyroid Hormone. Radioimmunoassay of human —. A review with special reference to hyperparathyroidism in renal disease. ....	157	Pregnancy Complications. — following legally induced abortion: An analysis of the population with special reference to prematurity. ..	192
Pediatrics. A summary of the development of Obstetrics, Gynaecology, and — at the University of Copenhagen 1479-1979. ....	106	Pregnancy Thyrotoxicosis. — and birth associated with —. ....	74
Peritoneal. Home — dialysis with a simple automatic device. ....	306	Prenatal Diagnosis. — of the Hurler Syndrome. .	357
pH-Measurements. The validity of discontinuous — on fetal blood and of cardiotocography in predicting neonatal Apgar score. ....	186	Propranolol. Changes in glomerular filtration rate during long term treatment with — and peripheral vasodilators in patients with arterial hypertension. ....	308
Pharyngoesophageal Sphincter. Manometric investigation of the —. ....	282	Prostacyclin. ....	81
Pharyngoesophageal Sphincter. The —. A review of the literature. ....	275	Pyloric Stenosis. Selective gastric vagotomy and drainage in the treatment of duodenal ulcer with —. 5-13 years' follow-up. ....	346
		Prenatal Diagnosis. — of Sandhoff disease (GM2-gangliosidosis type 2). ....	353
		Radioimmunoassay. — of human parathyroid hormone. A review with special reference to hyperparathyroidism in renal disease. ....	157
		Renal Disease. Radioimmunoassay of human parathyroid hormone. A review with special reference to hyperparathyroidism in —. ....	157
		Renography. Strategy in clinical —. ....	275
		Respiratory Distress Syndrome. Antepartum glucocorticoid therapy combined with Phenobarbitone and Ritodrine for prevention of — (RDS) in pre-term infants. ....	134
		Respiratory Distress Syndrome. Correlations between the lecithin-sphingomyelin ratio in the amniotic fluid, data from pregnancy and birth, and the —. ....	287

Respiratory Distress Syndrome. Factors predisposing to — . . . . .	130	lamic-pituitary insufficiency and in normal subjects. . . . .	304
Respiratory Distress Syndrome. Prevention of — in pre-term infants. . . . .	129	<sup>99m</sup> Tc-Sulfur Colloid. Scintigraphy of liver and spleen with — and Anger camera. . . . .	87
Ritodrine. A Danish Multicenter study on — in the treatment of pre-term labour. . . . .	116	Thyrototoxicosis. Pregnancy and birth associated with — . . . . .	74
Ritodrine. Antepartum glucocorticoid therapy combined with Phenobarbitone and — for prevention of respiratory distress syndrome (RDS) in pre-term infants. . . . .	134	Thyrotropin. Triiodothyronine (T <sub>3</sub> ), thyroxine (T <sub>4</sub> ) and — (TSH) in childhood. . . . .	183
Ritodrine. The condition of the foetus and infant in pre-term birth with — . . . . .	121	Thyroxine. Triiodothyronine (T <sub>3</sub> ), — (T <sub>4</sub> ) and thyrotropin (TSH) in childhood. . . . .	183
Ritodrine. Side effects and metabolic changes during treatment with Betamimetics (—). . . . .	119	Triiodothyronine. — (T <sub>3</sub> ), Thyroxine (T <sub>4</sub> ) and thyrotropin (TSH) in childhood. . . . .	183
Sandhoff Disease. Prenatal diagnosis of — (GM2-gangliosidosis type 2). . . . .	353	Transport. — of high risk newborn infants. . . . .	147
Sarcoidosis. Kveim test in —. A report of a Danish Kveim material. . . . .	6	Transvenous. — liver biopsy in patients with bleeding tendency. . . . .	175
Scintigraphy. — of liver and spleen with <sup>99m</sup> Tc-sulfur colloid and Anger camera. . . . .	87	Vabra. Diagnostic — (aspiration) curettage. An evaluation of the diagnostic certainty, efficacy, acceptability, indication and socio-medical importance. . . . .	1
Screening. — for cervical neoplasia. A survey of the assumptions from studies on the screening in Maribo Amt. . . . .	313	Vagotomy. Selective gastric — and drainage in the treatment of duodenal ulcer with pyloric stenosis. 5-13 years' follow-up. . . . .	346
Spleen. Scintigraphy of liver and — with <sup>99m</sup> Tc-sulfur colloid and Anger camera. . . . .	87	Vasodilators. Changes in glomerular filtration rate during long term treatment with propranolol and peripheral — in patients with arterial hypertension. . . . .	308
Splenic Artery. Congenital hepatic fibrosis, Cruveilhier-Baumgarten syndrome and aneurysms in a 62-year-old woman. . . . .	101	Vasopressin. Antagonism of the myometrial response to oxytocin and — by synthetic analogues. . . . .	126
Stimulation Tests. — for growth hormone. A comparison between insulin-induced hypoglycaemia and levodopa as stimuli for growth hormone secretion in patients with hypothalamic-pituitary insufficiency and in normal subjects. . . . .	304	Ventilatory. — support of pre-term infants.
